

\$TAXS: The Tax Slayer Coin – Whitepaper

1. Introduction

Welcome to the revolution. \$TAXS isn't just another meme coin—it's a battle cry for financial freedom, economic autonomy, and community-driven rebellion against excessive taxation. Fueled by humor on Solana blockchain technology, and the spirit of resistance, \$TAXS empowers holders to join a cultural movement that slays the outdated systems draining taxpayers.

2. Our Vision

\$TAXS represents a future where:

- Taxpayers win.
- Communities lead.
- Memes spark change.

We're not trying to play it safe. We're here to meme our way into mainstream relevance and remind people that it's okay to challenge the system—with laughter, with culture, and with crypto.

"It's not an investment—it's a statement."

3. What Is \$TAXS?

\$TAXS is a Solana-based meme coin created with:

- No presale.
- No VCs.
- A fair launch.
- Community-first principles.

We are building a space where degens, taxpayers, and meme lords unite under one banner: Slay the tax beast.

4. Tokenomics

Token Allocation (Total Supply = 100%)

Category	Allocation
Initial Liquidity Pool Tokens	70%
Community Growth Fund	9%
Marketing & Partnerships	7%
Burn Reserve	6%
Dev/Founders	5%
DEX/CEX Listing Reserve	3%

Notes:

- LP tokens will be locked or burned for transparency.
- The burn reserve will be used in public burn events to energize the community.
- Team allocation is capped at a modest 5% to ensure community dominance.

5. Roadmap

6. Our Message

\$TAXS is here to spark a conversation:

- 💬 Why are taxes so complicated?
- 💰 Where's the transparency in spending?
- 🗣️ Isn't it time we challenge outdated systems—with wit?

Whether you're in it for the memes or the mission, \$TAXS gives you a voice in a world that too often silences individuality and humor.

7. Disclaimers

- \$TAXS is not an investment.
- It is a community token with no intrinsic financial value.
- This project is for entertainment, education, and cultural commentary.
